Subject: WQS timeline

Hi Kathy,

I'm wondering if I could set up a conference call with you mainly to discuss Bad River's WQS timeline; determining how long the process will take and when EPA, the public, Tribal Council, etc. should to be involved. I talked with Naomi and the times that work best for her this month are the morning of the 20th, the 21st, and the afternoon of the 25th. Do any of these times work for you? We can be flexible with other times; please let me know what would work for you. Thanks!

Pam
